

APOLOGETICS
FOR THE CHURCH

Equip Your Members to Share & Defend the Gospel

You long to see your church live boldly for Christ—we do too. We invite you to partner with **Apologetics for the Church** as we equip ordinary believers to have meaningful gospel conversations in their communities and invite friends to church!

OUR MISSION

We exist to equip ordinary believers to effectively and confidently share the gospel.

CORE VALUES

Strengthening the **confidence** of believers to know that the Christian faith is true

Making effective engagement with unbelievers **accessible** to every believer

Winsomely drawing unbelievers to Jesus by answering their intellectual **questions** and heart concerns

Encouraging believers to **boldly** look for opportunities to engage in gospel conversations

Providing **thoughtful answers** to today's most challenging objections to Christianity

Building our apologetic methodology on the foundation of **Scripture** and orthodox theology

Mark Farnham, PhD | Founder & Director

Mark Farnham has taught apologetics in local churches for nearly twenty years. An engaging speaker, he shares clear, simple teaching along with memorable stories from real conversations with unbelievers. During his seven years pastoring in skeptical New England, Mark experienced firsthand how “Come and See” events often fell short. He now equips believers to humbly and confidently “Go and Tell,” strengthening their faith and their outreach in the community.

Mark directs the M.A. in Christian Apologetics program at Lancaster Bible College and holds a Ph.D. from Westminster Theological Seminary. He is the author of *Every Believer Confident* (P&R, 2025) and coauthor of *Talking About Ethics* and *Talking About Worldviews* (Kregel, 2021 and forthcoming).
